## New York Legalizes Abortion Up to Baby's Birth Day on Anniversary of Roe v. Wade.

Governor Cuomo celebrated the passing of the bill in the Democrat-led Senate and Assembly on Tuesday, which happened to be the 46th anniversary of the Roe decision. "In the face of a federal government intent on rolling back Roe v. Wade and women's reproductive rights, I promised that we would enact this critical legislation within the first 30 days of the new session — and we got it done," Cuomo directed state landmarks like the spire of One World Trade Center to be lit up in pink to "shine a bright light forward for the rest of the nation to follow."

The so-called Reproductive Health Act that abortion advocates have been trying to get passed for twelve years and has been vehemently opposed by religious and conservative groups, passed with a 38-28 vote and thunderous applause in the state Senate chamber.

### Why Are Babies Aborted?

According to the Alan Guttmacher Institute (The research arm of planned parenthood) **One percent** are victims of incest or rape. **One percent** had fetal abnormalities. **Four percent** had a doctor who said their health would worsen if the pregnancy continued. **Fifty percent** didn't want to be a single parent or they had problems in current relationships. **Sixty- six percent** stated they could not afford a child. **Seventy-five percent said the child would interfere with their lives.** (Sanctity of life, C. Swindoll, Word, 1990, p.12) Worldwide, over fifty-five million unborn babies are killed every year. Since this time yesterday over, 150,000 were destroyed by abortion.
